Sub: -Detailed Project Report for construction of new BG line between Hatkanangale-Ichalkaranji (8 Kms) Pink Book item no. 12# of 2019-20.

Ref: - Rly. Board L.No.2017/W-1/CR/Hatkanangale-Ichalkaranji dtd. 22.1.2018

****

The work of construction of new line between Hatkanangale-Ichalkaranji was included in P.B. 2017-18 at Sr. No.13 (P.B.12# of 2019-20) at a sanctioned cost of Rs.160.00 crore. FLS could not been completed in the field, due to stiff resistance to the project from some local groups. Due to the urgency, DPR was prepared on the basis of the Google map survey and was sent to Railway Board on 30.11.2017, with a project cost of Rs.191.59 Crs. and ROR of (-) 10.11%. After examining the DPR at Railway Board, EDs committee observed that the cost of project needed to be reviewed, as the per Km cost of S&T and Electrical portion was high as compared to similar projects. In the Engineering portion, provision of formation & station building was asked to review. They further asked to complete the rest of survey & resubmit the report after reviewing the cost of the project.

Now, field survey has been carried out under police protection & cost of the project also has been reviewed, as per EDs committee observations. Accordingly, a revised DPR has been prepared. The Primary aim of this report is finalization of alignment for proposed corridor, estimation of traffic on the proposed corridor, preparation of cost estimate and project appraisal.

1) **Department wise cost of the project with Sports Development and Security charges is as under:-**

Sr.No	Department	Cost (in crores)
1	Civil Engineering	149.05
2	Signal & Telecom	16.79
3	Electrical	13.18
4	Mechanical	00.60
5	Sports Dev. & Security	1.11
	Total	**180.73**

2) **The Gross earnings, Working expenses and Net earnings of the proposed line in different years are given below:** **(Fig. In Crores of Rs.)**

YEAR	Gross earnings	Working expenses	Net earnings
I Year	1.67	17.01	(-) 15.34
VI Year	1.75	17.29	(-) 15.54
XI Year	1.83	17.56	(-) 15.73

3) **The Rate of Return (ROR)** has been worked out adopting **Discounted** Cash flow (DCF) method which works out to be **(-) 12.70%** (on Detailed estimate cost) and **(-) 12.73%** (on Completion cost).

4) Project completion period has been considered as three years and completion cost of the project with 5% inflation factor is Rs. 200.89 crores, excluding the cost of Rolling stock and CRRM. The rate of return worked out on vetted completion cost is **(-) 12.73%.**

5) **FA & CAO (C)'s comments are given as under:-**

"The Estimated capital cost of the project is 180.73 Cr for 9.1 kms. The all-inclusive cost per km, works out to Rs 19.86 crore. The rate per km is very high due to the high cost of civil Engg. 149.05 crores for 9.1kms which works out to Rs.16.37 crore per km. This includes Rs. 3.24 crs. per km for land acquisition and 3.70 crs. for earthwork.
There is no Goods earnings envisaged.
Since the rate of return is below the cutoff rate of 10% in terms of Railway Board letter no. F (X) -II/2011/ROR/1 dated 05/10/2017, the project is considered un-remunerative and financially not viable."

The Financial appraisal is given in detail in the relevant chapter. Eight sets (8 sets) of DPR are sent herewith for sanction of DPR, please.
This issues with the approval of GM/ C.Rly.

4. The Rate of Return has been worked out by adopting Discounted Cash flow method on consolidated vetted cost as *(-)10.11% (on Detailed Estimate Cost) and (-)10.14% (on Completion Cost).*
5. Project completion period has been considered as three years and completion cost of the project is **Rs. 202.81** crores, excluding the cost of Rolling stock and CRRM. The Rate of Return worked out on consolidated vetted completion cost is **(-) 10.14 %** .
6. **FA & CAO(C)'s** comments are given as under:-

"The Estimated cost of the project is Rs 191.59 Crs for 8.7 Kms The all inclusive cost per km, works out to Rs. 21.83 Crore.

The Rate per Km is very high due to high cost of Civil Engg. i.e. Rs156.11 Crs for 8.7 Kms which works out to Rs.17.94 Crs. per Km. This includes Rs.4.75 Crs. per Km for land acquisition and 5.71 Crs. for earthwork.

Further, the cost of completion with 5% inflation factor for the completion period of three years works out to Rs.202.81 Crore.

There is no goods Earnings envisaged.

Since the rate of return of (-)10.11% (on Detailed Estimate Cost) and (-)10.14% (on Completion Cost) is below the cut off rate of 10%, as per Rly Bd's letter no. F(X)-II/2011/ROR/1, dated 05/10/2017, the project is considered un-remunerative and financially not viable".

The Financial appraisal is given in detail in the relevant chapter.
